

Dear Salesforce Recruitment Team,

My name is Miryam Safra, a Software Engineering student graduating in 2026. I'm excited to apply for the Software Engineering Student role, as it aligns perfectly with my technical background and passion for cloud development.

During my practicum at Red Hat, I contributed to open-source projects using Kubernetes, Docker, and Agile methodologies. I've built full-stack applications with .NET and Angular/React, and I'm confident in my backend and DevOps skills, including Git, CI/CD, and SQL Server.

I'm particularly drawn to Salesforce's collaborative culture and the opportunity to work on large-scale systems with real-world impact. I thrive in dynamic environments and am eager to learn from experienced engineers.

Thank you for considering my application. I'd love the chance to contribute to your team and am available for an interview at your convenience.

Sincerely,

Miryam Safra
